

Accuracy Concerns

Ability for
students to
self report
testing
positive for
Covid

**Classroom
Layout**

School wide
use
necessary?

Administration sets
people in classes?

real time
updates so
accuracy can
be ensured
within class
period?

will students
use the app or
some other
way to sign
into class.

Must ensure it
takes all
students into
account

Ease of use

**Easy
interface
to use**

**Preset
classroom
setups?**

Customizable
class orders?

Customizable
classroom set
up?

**Student
able to
upload
schedule?**

**clean
interface**

Information Dissemination

Contact
students that
sat near
student that
tested positive
for Covid19

database of
student
contact
information

How the site
alerts
students of
potential
exposure

How will
information
be stored

can be
effective on
classroom
level?

convenience
of use

Students not
reliably and
consistently
marking
information?

Set Up

**Amount
of
students**

Will it even contact
students or just
show seating
position in a class?

Seating chart
data able to
be
downloaded?

**Reminder
notifications**

Will data be
stored on the
site? If so how
long?

**getting
everyone
on the
site**

App?

Legal

HIPPA law
consideration?

**Privacy
concerns
about sharing
health data?**

**Linking to
covid test
result
database?**

waivers needed by
participants for
covid information
dissemination?

Will the app notify
all students if a
fellow student tests
positive or just the
students that sit in
that area?
